Comisión Ciudadana de
Reestructuración Distrital de California

CAMBIO DE MAPAS DE DISTRITO CADA 10 AÑOS. ¡DEFIENDA SU COMUNIDAD!

#WeDrawTheLinesCA

La Comisión Ciudadana de Reestructuración Distrital de California es un grupo de californianos que están trazando líneas de distrito libres de intereses especiales, política o influencia política. Necesitamos su opinión.

En noviembre de 2008, los votantes de California aprobaron la Ley Voters FIRST, que autoriza la creación de la Comisión de Reestructuración Distrital de Ciudadanos Independientes para trazar nuevas líneas de distrito para los distritos del Congreso, Senado Estatal, Asamblea Estatal y Junta Estatal de Igualación, quitando el trabajo de las manos de los Legislatura de California y transferirla a los ciudadanos. En 2010, la Ley VOTERS FIRST para el Congreso agregó a la Comisión la responsabilidad de trazar los distritos congresionales.

La Restructuración Distrital puede empoderar a las comunidades

Uno de los más grandes poderes que tiene el pueblo de California es elegir a sus propios representantes para dirigir los asuntos de su gobierno. La forma en que se trazan los límites del distrito puede marcar la diferencia entre empoderar y maximizar su voz o minimizarla y silenciarla. La Comisión Ciudadana Independiente de Restructuración Distrital de California, tiene el compromiso de trazar distritos justos que reflejen los intereses del pueblo, no de los políticos involucrados.

Hablar sobre su comunidad es fundamental para garantizar que se tracen las líneas del distrito para mantener su comunidad completa en la medida de lo posible y agrupada con comunidades cercanas con intereses similares. Esto garantiza que los líderes que usted ha elegido escuchen su voz al tomar decisiones como la calidad y el financiamiento para la educación de sus hijos o para determinar sus tasas de impuestos.

Cuéntenos acerca de su comunidad de interés

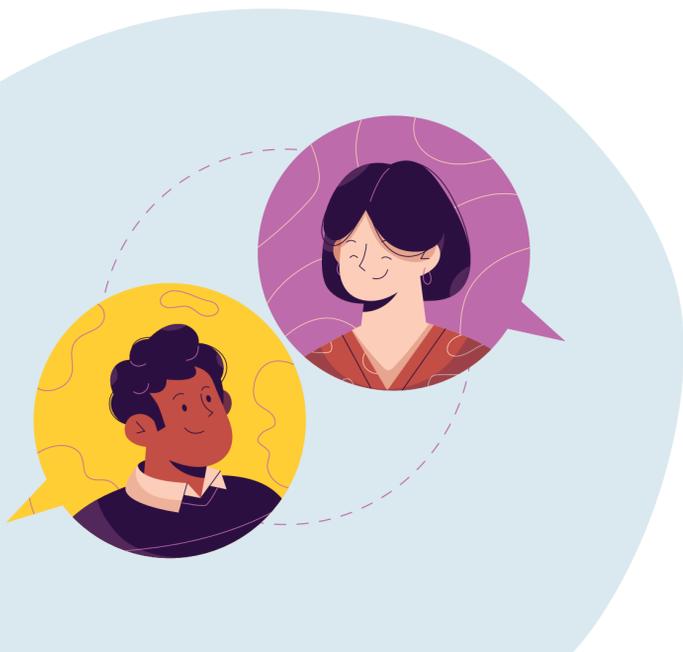

- ¿Dónde está ubicada su comunidad (ciudad / condado)? Sea lo más específico posible sobre los límites de la ubicación de su comunidad.
- ¿Por qué su comunidad debe mantenerse unida para una representación justa y efectiva?
- ¿Cuáles son las áreas cercanas con las que su comunidades desea o no desea ser agrupada?

Describir su COI es el primer paso para identificar dónde desea que comiencen y terminen las fronteras del distrito.

Al dibujar mapas, debemos tener en cuenta las comunidades de interés. Podemos obtener la información de la ciudad y el condado, pero necesitamos la información de las comunidades de interés de los californianos. Las comunidades de interés se definen como una población concentrada que comparte intereses sociales y económicos comunes que deben incluirse dentro de un solo distrito a los efectos de su representación justa y eficaz. Ejemplo de Artículo de Boletín

Los votantes de California autorizaron la creación de la Comisión cuando aprobaron la Ley VOTERS FIRST (Ley) en 2008. Autorizó a la Comisión a trazar las nuevas líneas de distrito. En 2010, la Ley del Congreso de Voters FIRST agregó la responsabilidad de trazar distritos electorales a la Comisión.

Cada 10 años, después de que el gobierno federal publica la información censal actualizada, California debe nuevamente los límites de sus distritos congresionales, del Senado estatal, de la Asamblea estatal y del Consejo Estatal de Igualación, de modo que los distritos reflejen correctamente la población del estado.

Uno de los más grandes poderes que tiene el pueblo de California es elegir a sus propios representantes para dirigir los asuntos de su gobierno. La manera en la que se configuren los límites distritales puede hacer la diferencia entre empoderar y maximizar la voz de los electores o silenciarla.

La redistribución de distritos se ha utilizado en ocasiones para excluir a las comunidades del poder político. Al participar plenamente y monitorear el próximo proceso de redistribución de distritos, más comunidades pueden tener la oportunidad de elegir candidatos de su elección. Hablar sobre su comunidad es fundamental para ayudar a mantener su comunidad completa en la medida de lo posible. Esto garantiza que los líderes que usted ha elegido escuchen su voz al tomar decisiones como la calidad y el financiamiento para la educación de sus hijos o para determinar sus tasas de impuestos.

YOU DEFINE YOUR COMMUNITIES

Every ten years, after the U.S. Census, California must redraw the boundaries of its Congressional, State Senate, State Assembly, and State Board of Equalization districts to reflect the new population data. The Voters FIRST Act gave this power to California citizens, ensuring that new and fair districts are drawn free of special interests, politics, or political influence.

The California Citizens Redistricting Commission will hold public meetings and accept public comment. This is your chance to become a part of creating fair and transparent district boundaries that serve the best interests of the people of California. In 2021, the Commission will work to develop and approve the district maps before the final maps are certified to the California Secretary of State.

2020 Citizens Redistricting Commission FAQs

1. Why should I care about redistricting?

One of the greatest powers that the people of California have is to elect their own representatives to conduct the business of their government. How the district boundaries are configured can make the difference between empowering and maximizing the voters' voices or minimizing and muting those voices. The independent California Citizens Redistricting Commission ("Commission") is committed to drawing fair districts that reflect the best interests of the people, not the incumbent politicians.

Speaking up about your community is critical to ensuring district lines are drawn to keep your community whole to the extent possible, and grouped with nearby communities with similar interests. This ensures that your voice is heard by your elected leaders when making such decisions as the quality and funding of your child's education or determining your tax rates.

Your input is valuable in shaping the new political boundaries.

2. How do I get involved?

There are several ways to provide input to the Commission.

During a Public Meeting:
The Commission will hold hearings where you can provide input by phone during the meeting or electronically prior to the meeting. You can find out more about upcoming public input meetings by visiting the Meetings section of our website.
